50 AMP POLICY

Only trailers set up for 50 amp 220V service can apply for 50 amp upgrade
Requirements are as follows:

1. Cord from trailer is 50 amp cord
2. Circuit box is rated for 50 amp or higher
3. Trailer must be on lot before you can apply
4. 50 AMP 220 VOLT only no 110 splits

If trailer is removed from lot for any reason, new trailer must meet requirements mentioned above or 50 amp 220V service will be disconnected and set up to original service.

If trailer is rewired to meet the above requirements, and be inspected by an electrical inspector approved by MCA. Names available in the office.
